

FL VPN – Installation on HOME pc

(Only Windows users)

Nedenstående eks. er fra en standard installation af Windows 10 Pro. Har du anden installation, eller har du installeret andre programmer, kan det se anderledes ud.

The following example is from a standard installation of Windows 10 Pro. If you have a different installation, or have other programs installed, it may look different.

Den Korte version.

- 1: Hent [zip filen](#).
- 2: Udpak zip filen på dit skrivebord
- 3: Installer Cisco Anyconnect klienten (anyconnect-win-4.8.01090-core-vpn-webdeploy-k9.exe).
- 4: Følg [FL web access guiden](#) for at forbinde.

The Short version.

- 1: Download the [zip file](#).
- 2: Extract the zip file to your desktop.
- 3: Install the Cisco Anyconnect client (anyconnect-win-4.8.01090-core-vpn-webdeploy-k9.exe).
- 4: Follow the [FL web access guide](#) to connect.

Den lange version.

The Longe version.

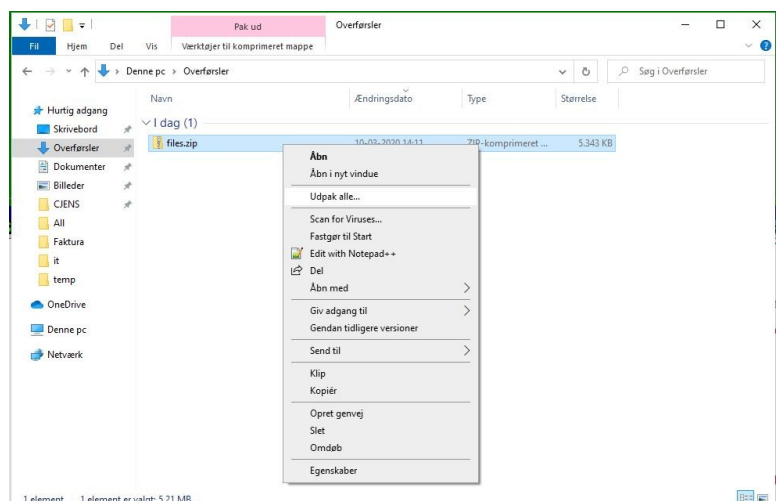

Step 1.

Når du har hentet filen [files.zip](#) skal du starte en stifinder og navigere til mappen Overførsler

Højre klik på filen files.zip og vælg "Udpak alle"

After downloading the files.zip file, launch a pathfinder and navigate to the Downloads folder

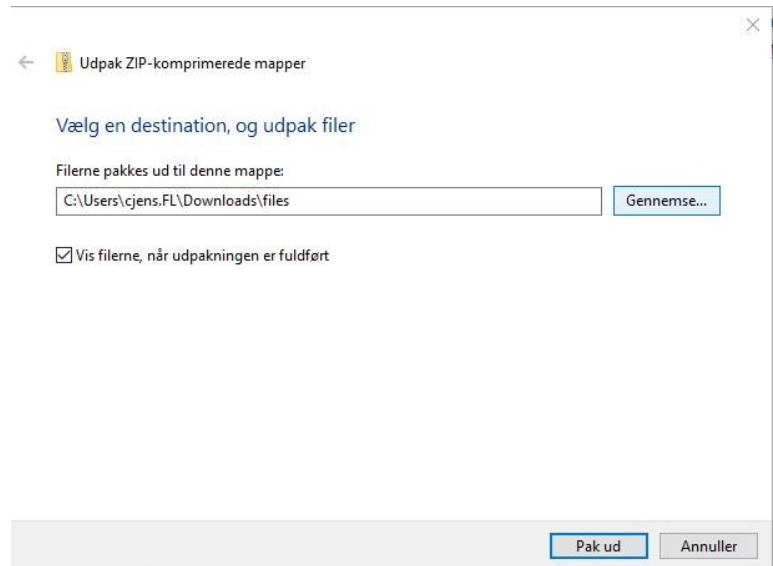

Right click on the files.zip file and select "Unpack All"

Step 2.

Tryk på "Gennemse" for at vælge den rigtige destination til at gemme filerne.

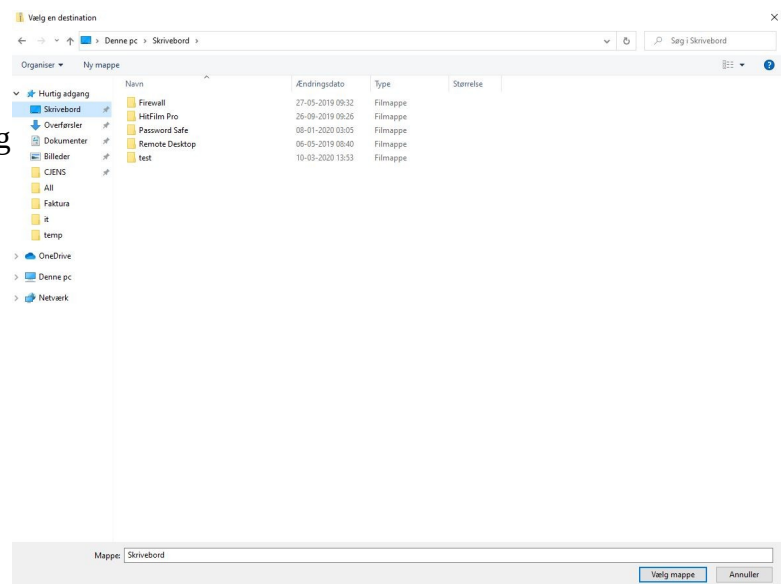

Press "Browse" to select the correct destination to save the files.

Step 3.

Naviger til Skrivebord og klik på "Vælg mappe"

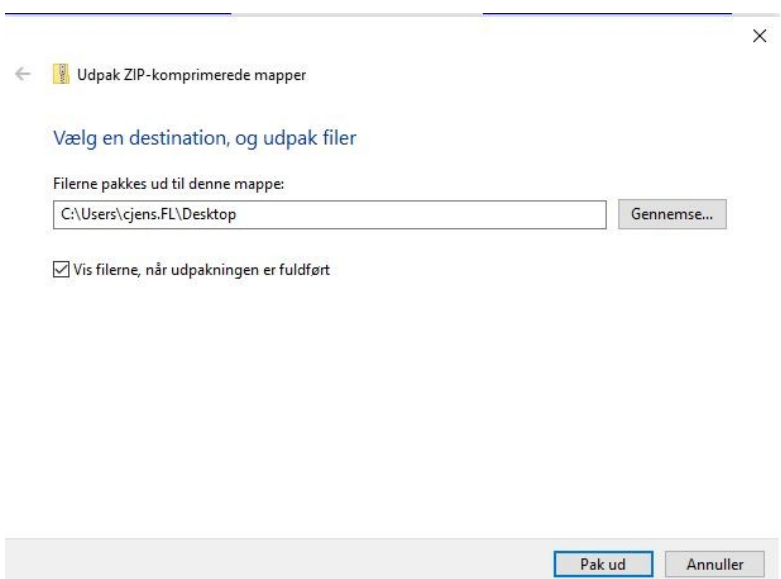

Navigate to Desktop and click on "Select Folder"

Step 4.

Klik på "Pak ud" for at pakke filerne ud på skrivebordet.

Click "Unpack" to unzip the files on the desktop.

Step 5.

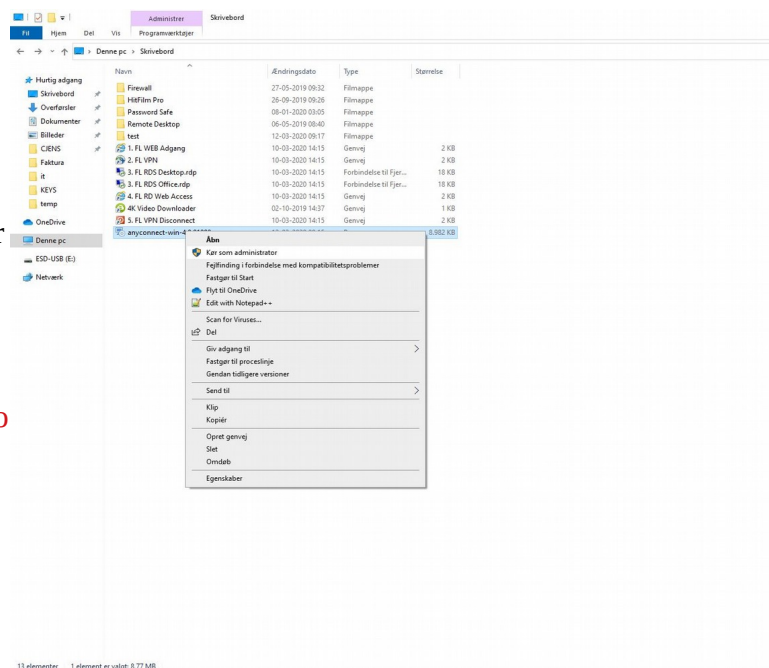

Når filerne er pakket ud skal Cisco Anyconnect klienten installeres.

Højre klik på filen "anyconnect-win-4.8.01090-core-vpn-webdeploy-k9.exe" på skrivebordet og vælg "Kør som administrator"

Installer nu programmet.

Once the files are unpacked, the Cisco Anyconnect client must be installed. Right click on the file "anyconnect-win-4.8.01090-core-vpn-webdeploy-k9.exe" on the desktop and select "Run as administrator"

Now install the program.

Step 6.

Efter installation er du nu klar til at logge på VPN –

Følg din [FL WEB Access guide](#)

After installation, you are now ready to log on to VPN -

Follow your [FL WEB Access guide](#)
